Medical Budget for 1911-12

The estimates proposed by the Residency Surgeon, are the same as those sanctioned in the current year's budget, except the allotment under "Warm Clothing" has been increased from Rs 1000 to Rs 2000, the previous being based on the actuals of six months of the current year. The sanctioned provision for Sanitation and Vaccination is repeated in the next year's budget. The expenditure connected with the Bubonic Plague is estimated at Rs. 54,860 against Rs. ~~53,970~~ 54,670 in the current year's budget. The increase is due to the increment which falls due to the Military Assist. Surgeon H. H. Deeks from the 30th August 1911.

Dated Bangalore, 10th September 1910.

SIR,

With reference to your letter No.599, dated the 3rd September 1910, I am directed to state that your proposals for the additional establishment of the Bowring and Lady Curzon Hospitals have not been submitted to the Government of India yet, and that no items should be included in your proposed Budget Estimates except those for which specified sanction or authority exists on the date of their submission. If there are any items of expenditure which though not sanctioned have been already proposed or which are likely to be sanctioned and for which provision is considered necessary, they should be included in a separate statement in the form herewith enclosed.

2. A copy of instruction received from the Comptroller of India Treasuries, Calcutta, on the preparation of the Budget Estimates is herewith enclosed for your information and guidance.

Office of the Comptroller, India Treasuries.

THE TREASURY, CALCUTTA,

Dated the ~~31st August 1907.~~ 13th Sep. 1910

No. Bt. 3.

FROM

THE COMPTROLLER, INDIA TREASURIES.

To

THE ACCOUNTANT-GENERAL, MADRAS.

SIR,

I have the honour to forward four copies of a Form for the preparation of Bangalore Budget Estimate for 1908—1909 and to request that you will be so good as to furnish your estimates for the ensuing year in this form (in duplicate) so as to reach this office *not later than the 31st October* ~~next~~. It is very important that this date should be strictly observed. ~~This date has been fixed in order to enable this office to submit the Consolidated Estimates to Government punctually on the due date~~ and any delay on your part will impose a severe strain on this office in the consolidation of the estimates.

The date of submission of the consolidated estimates of this office has been advanced by 14 days from the Budget of 1906-07.

2. Your special attention is invited to the provisions of Art. 155 (*g*) of the Civil Account Code. *No items should be included in your proposed Budget Estimates except those for which specific sanction or authority exists on the date of their submission.* If there are any items of expenditure which though not sanctioned have been already proposed or which are likely to be sanctioned and for which provision is considered necessary, this should be included in a separate statement in the appended form (of which 3 copies are enclosed) outside the proposed Budget Estimates. ~~The statement should not however include expenditure on account of proposals which have not been placed before the Government of India.~~ A copy of the statement should be submitted by you with a copy of Budget Estimate to the Government of India direct, and another copy should be sent to this office with the Budget Estimate.

Administrative Department of the

3. The columns 'Proposed Estimate for 1908—1909', 'Sanctioned Estimate for 1907—1908', and 'Difference' should be filled in your office. The sanctioned figures for 1907-1908 have been communicated in the printed estimates ~~herewith again (6 copies)~~ forwarded to you, and to facilitate the preparation of the estimates for 1908—1909 the actual figures of receipts and of fluctuating expenditure for the past three years have been given in one copy of the Form. This copy should be returned to this office.

4. I would request that your estimates may be carefully prepared in accordance with the instructions contained in Article 155 of the Civil Account Code, 6th Edition, and that the following additional instructions may also be observed:—

(1). The figures should be shown separately against *each* detailed head of the printed form; it is not sufficient to give only the total of several detailed heads or items lumped together. When provision is considered necessary for an item for which no detailed head is printed in the Form, the head should be opened in manuscript and the required amount entered against it. As far as possible, the detailed estimate should be so framed that the total of each major head printed at the top of the page of the form *may work up to even hundreds of rupees* and of each minor and detailed head *to even tens of rupees.*

66

Revenue.

(2). In estimating fixed revenue for the ensuing year, the calculations should be based upon the actual demand, including any arrears due for past years and the probabilities of its realization during the year; the amount of arrears due as well as of the current demand should be separately stated, and reasons should be given where full realization cannot be estimated. In the case of fluctuating revenue, the estimate should be based upon a comparison of the last three years' receipts. All circumstances, whether permanent or temporary, likely to affect the revenue should be mentioned with details as to the extent to which it may be so affected.

~~*N. B.*—For Land Revenue the accompanying statement should be filled up and returned with the Budget Estimate.~~

(3). The estimates of receipts on account of Fees on succession to Native States under "XI—Tributes from Native States," should be entered separately for each State, and the name of the State given in the space provided for the purpose in the Budget forms.

Expenditure

(4). The estimates of expenditure on salaries and establishment should show the full amount of the sanctioned scale on 1st April of next year as detailed in the separate statements [*vide* clause (8) below] without deduction of Income-Tax, the details of rates of pay and number at each rate being concisely quoted in brackets after the detailed head in the estimates; but where savings may be expected from absence or other cause a lump deduction should be made from Total Salaries or Establishment for all savings together under the same head as detailed in the statements. When any officer, whether gazetted or non-gazetted, receives in addition to pay proper any allowance, whether local or personal, or for the discharge of special duties or a fixed travelling or conveyance or horse allowance or tentage or house-rent allowance, such allowance should be shown separately from the pay. In the case of personal, local, special or house-rent allowance, if chargeable to the same minor head as the officer's salary, it should be shown immediately below the salary concerned. In other cases the allowance should be shown in its proper place under *Salaries or Allowances*, as the case may be, but an asterisk or a letter should be placed against the entry on account of the officer's salary, carrying down to a foot-note in which all the additional allowances under whatever head shown, should be specified. There should also be cross references against the entries of the allowances. In cases in which an officer gets a rent-free residence or quarters the fact should be stated in a foot-note.

N. B.—Increments falling due after 1st April may be taken into account in framing estimates of gazetted officers' salaries, but not in the case of establishment.

(5). No new fixed charges should be included in the budget estimate unless sanctioned by Government, and the order sanctioning new charges for which provision is made in the estimate should be quoted in each case. The same rule applies to provision for any special or unusual expenditure, ~~This will require the sanction of Government~~ (See para. 2 above), requiring the sanction of Govt or other competent authority.

(6). For travelling allowances and other fluctuating charges, the estimate should, unless reasons to the contrary are shown, be framed with reference to the average actual expenditure of the past three years. The estimate for contingencies requires careful scrutiny, and should not, except for special reasons, be allowed to exceed the average. But the estimates should not merely be an arithmetical average of three years' figures. The average is a guide, but it should not be taken absolutely, and *in no case should the estimates of the coming year differ from those of the preceding year without sufficient explanation.* Charges coming under the following heads should not be grouped together:—

(*a*) Section-writing.
(*b*) Cost of Land.
(*c*) Law Charges.
(*d*) Tour Charges.
(*e*) Purchase and Repairs of furniture.
(*f*) Purchase and Repairs of Tent.
(*g*) Purchase of Books.
(*h*) Country Stationary.
(*k*) Carriage of Stationery.
(*l*) Hot and Cold Weather Charges.
(*m*) Service Telegrams.
(*n*) Official Postage.
(*o*) Remittance within Districts.
(*p*) Treasury Charges.
(*q*) Cloth for Records.
(*r*) Rents, Rates and Taxes.
(*s*) Hill Journey Charges

Explanations.

(7). An explanatory note should be submitted with the Budget (either in the column of Remarks or in separate sheets) justifying the figures of the estimates of Revenue and Expenditure, and giving details of the calculations upon which the estmates are based.

(8) To facilitate check in this office, two statements in the forms attached to the Budget should accompany your estimate, giving full details of the provision proposed therein for salaries of gazetted officers and establishments. A list should also be forwarded of the pensioners for whose pensions provision is proposed under major heads "27—Territorial and Political Pensions" and "29—Superannuation Allowances and Pensions."

(9) In the case of establishments, variations in the columns of numbers and amounts must be explained [*vide* clause (5) above].

(10) If, for any special reasons, the estimate of contingencies or other fluctuating expenditure be more, or the estimate of Revenue be less, than the average of the past three years, full explanation should be given in justification of the estimates.

(11) The explanations should be as brief as is consistent with clearness, and if any of the variations to be explained rest on an order of the Government of India, the number and date of the order should be quoted.

Statements.

~~(12) The forms of Statements attached to the form of the Budget Estimate should be filled up and returned with the Budget Estimate.~~

N. B.—It is requested that the receipt of the forms may be acknowledged in the accompanying slip.

I have the honor to be,
